

Client Fees

In keeping with our mission to help the poor, a special emphasis is placed on service to low-to-moderate income clients.

Fees for service are discussed with the client at the initiation of a case. A sliding fee scale determined by household size and income is the basis for establishing the appropriate fee for service. Our agency fee schedule offers services at reduced rates compared to other legal service providers.

Where applicable, we are under obligation to collect fees from clients that are imposed by the United States government in addition to our agency fees.

Immigration Legal Services

Catholic Charities of Southeast Texas is the only non-profit in Southeast Texas recognized by the Department of Justice Board of Immigration Appeals and United States Citizenship and Immigration Services (USCIS), to provide legal immigration services to clients. Our Immigration Services staff is accredited to represent clients in immigration matters before the USCIS. The chief mission of our program is to protect and defend the legal rights of immigrants with limited means.

Our program has been recognized for its legal services by the Board of Immigration Appeals and the U. S. Citizenship and Immigration Services since 1989.
